

PARTICIPANT CONSENT FORM

Scholar Statement

We are inviting you to participate in an activity of data set collection regarding Pakistan Sign Language (PSL) recognition. This activity is related to PhD thesis work naming "Dynamic Sign Language Recognition using Deep Learning". The complete activity will not take more than 1 hour. It consists of Static and Dynamic gestures recording of PSL using hands, head, torso and facial expression of individuals.

By participating you would be helping us to work for deaf and mute people in Pakistan and Worldwide. This dataset will be used only for research and publication purposes. Your identity will remain confidential.

Participant Statement

I agree to participate in this study under the conditions set above.

Participant Name: Hassaan Ahmed

Participant Signature: 

0321-3701649
